

THE PROTECTOR ROGE
\$PROGE
WHITEPAPER

\$PROGE

ERC20 token

Fully decentralized and owned by community

THE \$PROGE FAMILY

PRESA Canario, The DeFi Guardian was too late to save the already abandoned ROGE and vowed that it would never happen again..

One day he heard the cries of PROGE, the sister of the original Rogue Doge. Alone and abandoned, Presa arrived to fend off FUD and protect his fellow canine.

PRESA then took PROGE under his wing and brought her up to have the tokenomics to be a natural Guardian to those she held dear.

Once PROGE was old enough to come to terms with her past, PRESA was totally honest with her and told her about her brother ROGE and his awful start in life.

Once found, PROGE swore to ROGE that from then on she would be the Protector ROGE. The two quickly became inseparable.

PRESA was delighted that his nurturing and honesty had resulted in this special bond for both PROGE and ROGE.

Safe in the knowledge, only kind hearted diamond hands would ever caress the now protected Rogue Duo. PRESA continued to seek out his next DeFi guardianship as a very proud PRESA Canario.

USE CASES PLANNED

The Rogue's Bazaar

An online marketplace where the Rogue community will trade IRL goods and digital services for \$PROGE and \$ROGE.

The Rogue's Exchange

A token exchange which will have a number of unique features designed to offer either free or the lowest fees on trades and all without compromising on security.

Project X

Will disrupt the meme (and indeed the DeFi) space like no other token has done before!

The unique combination of the two tokens and each of their respective tokenomics mix has opened up a particular avenue that will provide both sustained long term growth and stability. For now our lips are sealed.
